The Economist has reported that more than 15,000 drones are being sold in the US every month. Growing industries such as these are going to need people who can come up with new and innovative ideas, and be equipped with the knowledge to design and create the technology needed. By the time all of our students graduate in a few years or so, over half of the available jobs will be in the STEM ...

Five Reasons to Teach Robotics in Schools - The Tech Advocate

Horses were likely confined primarily to the Sydney region until the early 19th century, when settlers first crossed the Blue Mountains and opened expansion inland. Horses were required for travel, and for cattle and sheep droving as the pastoral industry grew. The first report of an escaped horse is in 1804, and by the 1840s some horses had escaped from settled regions of Australia.

Hadith of Gabriel: Angel Jibril came to teach you Islam

That's the one thing machines can't compete with us on. Human beings will live maybe 100 years, and we leave school when we're 16, 17, 18. We need to teach kids to enjoy learning, to be curious, and to always want to learn. Not one iota of what they will become can be taught by us. The most important thing is that children enjoy the ...
