were treated as sovereign nations by the British colonies until the American Revolution redefined Natives as a monolithic and undifferentiated enemy group.

### **Facing East from Indian Country Summary and Study Guide ...**

In United States history, there is a trend—a master narrative—of how our story is told. In *Facing East from Indian Country*, historian Daniel Richter flips that narrative on its head. Richter presents the idea of directional orientation, claiming that traditional American history is told with a westward perspective.

## **Facing East from Indian Country — Daniel K. Richter ...**

Like any book of its scope, Facing East from Indian Country shuttles back and forth between broad generalizations and focused case studies. To this reader, the chapters on the eighteenth century struck a more satisfying balance between those poles than the chapters on the seventeenth, where extended analysis of a few cases stood in for a more broadly framed account.

...

Facing East from Indian Country may be as close as any scholar has come to synthesizing an 'Indian perspective' on early American history. This is a book not to be missed. " —Philip J. Deloria, author of *Playing Indian* " From its title to its very last page, *Facing East from Indian Country* spins us around.

## **Facing East from Indian Country — Daniel K. Richter ...**

In the beginning, North America was Indian country. But only in the beginning. After the opening act of the great national drama, Native Americans yielded to the westward rush of European settlers. Or so the story usually goes. Yet, for three centuries after Columbus, Native people controlled most o...

I found "Facing East from Indian Country" a valuable supplement

## Online Library Facing East From Indian Country A Native History Of Early America Daniel K Richter

to other books that I have read about early American history. I found Richter's paradigm very insightful. For instance, the notion that Europe was the "New World" to the Indians while North America was their "Old World" really does lead one to think differently about the historical events of the period.
