ONAN - Service Manual Download

A4 is assumed to be 440 Hz: the 'A' to which British orchestras tune. It should be noted that some European orchestras tune to A=442 and other pitches. In this manual: Middle C = C4. (The MIDI standard varies, and middle C may be variously defined as C3, C4 or C5, depending on instrument manufacturers). The note numbers change incrementally every octave at C, so the octave above middle C is ...

The Orchestra: A User's Manual - Andrew Hugill

The near field is the space immediately around the noise source, sometimes defined as within the wavelength of the lowest frequency component (e.g., a little more than 4 feet for a 25-Hz tone, about 1 foot for a 1,000-Hz tone, and less than 7 inches for a 2,000-Hz tone). Sound pressure measurements obtained with standard instruments within the near field are not reliable because small changes ...
