About IJASCA - International Journal of Soft Computing and Its Applications(IJASCA) IJASCA is a peer-reviewed journal, published three times a year that publishes articles which contribute in all areas of Advances in Soft Computing. All the papers in the IJASCA are refereed papers by experts in the field. Your browser version is outdated.

### About IJASCA - International Journal of Soft Computing and ...

The International Journal of Soft Computing and Software Engineering (JSCSE) provides a forum for software engineering research that publishes empirical results that are relevant to both researchers and practitioners. JSCSE encourage researchers, practitioners, and developers to submit research papers reporting original research results, technology ...

### International Journal of Soft Computing and Software ...

International Journal of Soft Computing is a peer reviewed open access scientific journal. It covers the original, scientific, theoretical and applied research in the field of Soft Computing. IJSC started publishing activity in 2006, since that time, it is available in online and print format.

### International Journal of Soft Computing ( 2006 Volume 1 )

The objective of IJSCN is to link the rich methodological repertoire of soft computing with the challenging demands and design opportunities of present day communication networks. The widespread use of the Internet has given further opportunities for providing new services and web-based applications as well as the appearance of networking paradigms in new fields of computing.

### International Journal of Soft Computing and Networking ...

International Journal of Soft Computing, Mathematics and Control (IJSCMC) is a Quarterly peer-reviewed and refereed open access journal that publishes articles which contribute new results in all areas of Soft Computing, Pure, Applied and Numerical Mathematics and Control.

### International Journal of Soft Computing, Mathematics and ...

By linking the ideas and techniques of soft computing with other disciplines, the journal serves as a unifying platform that fosters comparisons, extensions, and new applications. As a result, the journal is an international forum for all scientists and engineers engaged in research and development in this fast growing field.
