As of this writing, Gutenberg has over 57,000 free ebooks on offer. They are available for download in EPUB and MOBI formats (some are only available in one of the two), and they can be read online in HTML format.

Why Are There Stripes On

On April 4, 1818, the Congress decided to review the flag and it was decided, on the suggestion of Samuel C. Reid, that the stripes on the flag would be reduced to 13 to celebrate the 13 founding states, and a star to be added to the flag whenever a new state joins the Union.

Why Are There 13 Stripes on the American Flag? - WorldAtlas

Why are there 13 stripes on the American flag? There are 13 stripes of the U.S. flag because they symbolize the 13 original colonies that revolted against British rule. Later on, these places went on to become the Union's first states. They are represented by alternating white and red horizontal stripes, together with other important symbols, colors and shapes.

Why Are There 13 Stripes on the American Flag? - Why Guides

The 13 stripes on the American flag represent the original 13 colonies that declared independence from Britain in 1776. The stars represent the number of states in the union. Their number has grown from 13, and became 50 when Hawaii joined the United States in 1960.

The truth behind why zebras have stripes - BBC Future

Arrangements of the stars. The 1973 book *The Stars and the Stripes* by Mastai illustrates many of the variations in star patterns of U.S. flags that were made during the 19th century (circles, rows, great stars, etc). There was no law specifying the arrangement of stars until 1912. Nick Artimovich, 19 March 1996 . As others have said, the pattern of stars was not established until 1912.
